Date: November 30, 2018  
Job Type: Regular Full-Time  
Experience Level: Junior  
Required Education: Bachelors  
Visit us online: <http://www.anchorqea.com>

## Who Are We?

Anchor QEA is an environmental science and engineering consulting firm that wants to improve the environment and our communities by solving challenging problems. We employ more than 350 people in offices around the United States. Our vision is a growing company that is our clients' first choice for solving their most challenging problems and our employees' first choice as a company where they want to work. We believe engaged staff lead to great client service and to a financially strong company—in that order. Our work environment fosters personal and professional growth for employees by providing autonomy, a clear vision, and the ability to master their skill set.

## What's the Opportunity?

Anchor QEA is seeking a full-time **Junior Chemist** in its **Seattle, WA** corporate office. This position will be supporting the chemistry team with laboratory coordination, data package tracking, data validation, field data entry, and lab invoice approvals.

## Responsibilities:

Specific responsibilities include:

- Laboratory coordination including method selection, sample tracking, and corrective action implementation
- Develop laboratory work orders and contracts
- Data tracking using inhouse tracking software and providing status updates to project teams.
- Data review and data validation using EPA National Functional Guidelines or state required guidance
- Technical writing to assist with Quality Assurance Project Plans and Data Reports
- Ability to multi-task and coordinate large projects

## What Are We Looking For?

Ideal candidates will have the following experience:

- Bachelor's degree in a Science related field or equivalent experience
- 3 to 5 years of environmental analytical laboratory experience
- Knowledge of EPA methodologies including solid waste physical/chemical methods (SW-846)
- Knowledge of Standard Methods for water and wastewater methods

- Excellent verbal and written communication skills

### What Can You Expect?

A collegial work environment; a competitive salary, bonus program, and excellent benefits, including health insurance (medical, dental, vision, and long-term disability); a generous retirement plan match; and vacation/sick leave.

### How Do I Apply?

As an equal opportunity employer, Anchor QEA is committed to a diverse, multi-cultural work environment. Anchor QEA does not discriminate in employment on the basis of age, race, creed, gender, religion, marital status, veteran's status, national origin, disability or sexual orientation.
