

## Assistant Professor of Chemistry Ball State University

Ball State University Department of Chemistry is seeking applications for a full-time tenure-track faculty position available August 17, 2018. Major responsibilities include teaching undergraduate and graduate classes in their chemistry discipline as well as teaching general chemistry courses. The faculty member will also develop an active research program in chemical education which complements the department's existing research programs.

The Ball State Chemistry Department is ranked by the American Chemical Society (ACS) as one of the largest producers of ACS-accredited chemistry majors in the state of Indiana. The department also ranks in the top 10 percent in the nation in the number of graduating ACS-accredited chemistry majors. We are a department that has a long history of focusing our efforts on giving our undergraduate and graduate students a high-quality learning experience in both the classroom and the laboratory settings. We incorporate problem-solving sessions into many courses, have faculty supervision in all laboratories, encourage cooperative learning, and provide numerous opportunities for both formal and informal student-faculty interactions.

**Minimum Qualifications:** PhD degree in Chemical Education or closely related area from an accredited college or university at the time of application; evidence of potential for excellence in teaching and in research

**Preferred Qualifications:** Teaching experience at the collegiate level, e.g. teaching assistant, instructor, Assistant Professor; postdoctoral research experience or equivalent; research interests that focus on an area which enhances the department's existing research programs.
