

Kenyon College, a highly selective, nationally ranked liberal arts college in central Ohio, invites applications for a Tenure Track position in Chemistry at the rank of Assistant Professor beginning in July 2025. The successful candidate will have plans for an active research program rooted in experimental inorganic methods, broadly defined, and a commitment to teaching excellence. Candidates with additional experience or disciplinary connections in environmental chemistry, computational chemistry, or biochemistry are especially encouraged to apply. The Department values familiarity with best practices in inclusive teaching and the ability to mentor undergraduate research students. A Ph.D. in Chemistry or a closely related field is required.

To apply, candidates should visit the online application site found at <http://careers.kenyon.edu>. A complete application will be composed of 1) a cover letter discussing the applicant's research and scholarship undertaken, its relevance to the field or discipline, and prior teaching experience; 2) a statement of the applicant's teaching philosophy; 3) a Curriculum Vitae; 4) unofficial transcripts; and 5) contact information of three references. All application materials must be submitted electronically through Kenyon's employment website.

Review of applications will begin September 13, 2024, and will continue until the position is filled.
