

Tenure-Track Assistant Professor in Biological Chemistry

Department of Chemistry, University of North Carolina at Chapel Hill

The Department of Chemistry at the University of North Carolina at Chapel Hill invites applications for a tenure-track assistant professor faculty position in biological chemistry, broadly defined. We seek candidates who will establish a vigorous independent research program and excel in teaching at both the graduate and undergraduate levels. A Ph.D. in biological chemistry or a closely related field is required. It is part of our institutional mission to teach and engage a diverse community of undergraduate and graduate students, and postdoctoral scholars with a broad range of backgrounds. We especially welcome applications from candidates who are committed to advancing these goals. UNC Chapel Hill is an NSF ADVANCE site (<https://cfe.unc.edu/team-advance/>) and the department is committed to strong, formal mentorship for all junior faculty.

Applications will only be accepted electronically. Applicants should submit three PDF files. The first should include cover letter and curriculum vitae. The second and third should have no name or affiliation listed. The second is the research plan and the third is the 1-2-page teaching and mentoring statement describing the applicant's commitment to teaching excellence and mentoring plan that will support the diverse array of students in chemistry, and 2-3 representative publications. Applicants should upload all application information to: <https://unc.peopleadmin.com/postings/289287>. Applicants must also list four references with email addresses. Each letter writer will receive an invitation to create a log in and upload their reference letter in pdf here: <https://unc.peopleadmin.com/postings/289287>. Review of applications will begin on 10/31/2024 and will continue until the position is filled. Questions should be directed to: Chair, Biological Chemistry Faculty Search Committee, Department of Chemistry, University of North Carolina at Chapel Hill, Chapel Hill, NC 27599-3290, chemsearch@unc.edu.

The University of North Carolina at Chapel Hill is an equal opportunity employer that welcomes all to apply, including protected veterans and individuals with disabilities.
