

Tenure-Track Assistant Professor – Experimental Physical Chemistry

Department of Chemistry, University of North Carolina at Chapel Hill

The Department of Chemistry at the University of North Carolina at Chapel Hill invites applications for a tenure-track assistant professor faculty position in Physical Chemistry, broadly defined. Candidates are expected to establish a vigorous independent research program and teaching excellence in Experimental Physical Chemistry at the graduate and undergraduate levels. The University of North Carolina at Chapel Hill is committed to serving as a center for research, scholarship, and creativity, and teaching a diverse community of students and scholars (<https://www.unc.edu/about/mission/>). We welcome applications from candidates who align with our mission and values. UNC Chapel Hill is an NSF ADVANCE site (<https://cfe.unc.edu/team-advance/>), and the department is committed to strong, formal mentorship for all junior faculty.

Applications will only be accepted electronically. Applicants should submit a cover letter, curriculum vitae, research plan, teaching statement, and 1-2 representative publications to: <https://unc.peopleadmin.com/postings/289283>. Applicants are required to list four professional references with email addresses. Each letter writer will receive an invitation to upload their reference letter. Review of applications will begin October 31, 2024, and will continue until the position is filled.

The University of North Carolina at Chapel Hill is an equal opportunity employer that welcomes all to apply, including protected veterans and individuals with disabilities.
